*Available lines with which
we have accounts. Some are duplicated
as they offer more than one type
of product (fabric, furniture).
See something in a magazine you want? I can
probably get the item if it's not listed here.
We couldn't fit everything to which we have access
so please ask.
Lines are also added and subtracted all the time

ANTIQUES

We have world-wide contacts for antiques of all periods. Please ask. Many can be bought in the United States. We are very familiar on customs, but tariffs are country by country and will vary as time moves forward in this climate.

ART

I've managed art collections held by corporations as well as added to personal art collections. I have resources world wide, no matter what your taste.

I've never been one to follow the crowd.

While I stay tuned to design culture, I always blend it with my own perspective—and more importantly, bring out the unique style in each client I work with.

D. Scott Tjaden
